FRIDAY, MAY 16, 1890.

The vote on the by-law to raise \$3,200 by debentures to purchase a site for a town hall and market, will take place to-morrow at the Council Chamber. The site selected is a good one, being one of the most desirable in town, and centrally situated, and we deem it the duty of all persons entitled to vote, to cast their votes in favor of the by-law. This site, while being the most centrally located for a town hall and market will also prove a great boon to the town as Church street, one of the most important streets in town will be opened out. The price asked is very reasonable, and the right of way across the block now proposed to be purchased will ultimately have to be purchased by the town, which in a couple of years will cost more than the entire block now offered, which consists of an acre or more and a large brick building occupied as a church and which for a time may be utilized as a Council Chamber or Fire Hall. We would therefore urge all who have a vote to be sure and poll their votes and to poll early.

Grading operations are proceeding very rapidly between Saskatoon and Duck Lake. Messrs. Mann, Ross, and Matheson, have outfits at work and more are expected to start in next week. The track is laid up to within six miles of the river and the iron horse is expected at the river on Tuesday next. Work on the bridge will then be pushed forward rapidly so as to enable rails and other material to be transported across to this side. It is thought most of the traffic for Prince Albert will come by way of Saskatoon as soon as the bridge is completed.

As is well known the Icelanders have been emigrating from their island home during the past few years in great numbers. Many of them have settled in our great western country, and make hardy, industrious, and successful farmers. The total number of persons who have left Iceland in recent years must have been very great, considering that the average annual excess of births over deaths is 640 and the population instead of increasing during the past four years has fallen from 71,600 to 62,220. But this year the exodus is expected to be more marked than ever before, and it is said that 20,000 people, or nearly one quarter of the total population will leave the island.

Missionary Alexander Mackay, who died recently in Africa, was one of the most famous Scottish workers in that part of the world. Stanley, who met him not many months ago in Uganda, described him as "the toughest little fellow you could conceive," whose zeal and resolution in the midst of many discouragements and dangers never seemed to flag. Stanley wrote of him in October last to a son-in-law of the great Livingstone: "Mackay plods on, despite every disadvantage, sees his house gutted and his flock scattered, and yet, with an awful fear of breach of duty, clings with hopefulness to a good time coming, when the natives of the country will be able to tell out to each other the good news of 'peace and good-will to men.'"

Canadians have got good reason for watching more closely the needs of the British market. In the month of March 900,000 quarters of Russian wheat were exported. The large receipts of this wheat, the *Mark Lane Express* of the 14th of April says, is "a feature agreeable enough to millers, who fully appreciate the strength and value of good Russian wheat." The *Express* adds: "Another sort of foreign wheat which millers seek for even more energetically than for good Russian and Polish is the fine red fife wheat produced by the Canadian Dominion. We should be afraid of saying how many acres to the west of Ottawa are

capable of growing this wheat, for fear of being held guilty of exaggeration, yet despite the vast extent of potentially productive country and the good and quick sale for whatever enters our ports, only 647 cwt. of such wheat has come into England since Christmas. We commend this undeveloped industry to the Canadian authorities." Canadian wheat of the best kinds ranged on the 14th two shillings higher per quarter than any other wheat on the market. The top price was forty shillings.

GIVEN AWAY!

Any one sending \$1 to the Canadian Agriculturist, Peterborough, Ont., will receive that splendidly illustrated journal for one full year, and two beautiful pictures, which are guaranteed to be worth much more than the price of the paper. These pictures are not cheap chromos, but are positively the finest goods offered by any publisher. The Canadian Agriculturist is a large 32 page journal, of continental circulation, which ranks among the leading agricultural papers. It treats the question of economy in agriculture and the rights and privileges of that vast body of citizens—the farmers—whose industry is the basis of all material and natural prosperity. Its highest purpose is the elevation and ennobling of agriculture through the higher and broader education of men and women engaged in its pursuits. The regular subscription price of the Canadian Agriculturist is \$1 per year.

The Home department is ably conducted. Short stories, fireside recipes and guide to the management of the home and kitchen, are prominent features of this excellent home paper. Send \$1 and get the paper for a year and two handsome pictures that are an ornament to any parlour. Address: The Canadian Agriculturist, Peterborough, Ont.

His Lordship the Bishop of Saskatchewan arrived in town from Calgary, via the Regina and Prince Albert railway, on Wednesday. We are very much pleased to welcome his lordship back amongst us once more. It is his intention to remain here till about the 1st of July, when he will leave in time to attend a meeting of the Board of Education at Regina, after which he will go to Winnipeg and be present at the meeting of the Provincial Synod of the Church of England. During his stay here his lordship will hold at least two ordination services, besides attending to other work amongst the different parishes in this locality. His Lordship was highly delighted at the rapid manner in which the line of railway was being pushed ahead towards Prince Albert, and has no doubts as to the prosperity of the Saskatchewan country in the near future.

At the annual meeting of the Saskatchewan Provincial Rifle Association it was decided to procure a token to be presented to Mr. T. J. Agnew for his valuable services, as secretary-treasurer of the association during the past year. This has been done and the article procured is now on view at J. L. Johnson & Co's., hardware store. The present is in the shape of a very handsome and valuable epaulette beautifully embossed and hand painted, and the words "Saskatchewan Provincial Rifle Association, 1889" engraved on it. We do not know when or how the presentation will take place but we congratulate Mr. Agnew on his beautiful present, as showing the esteem he is held in by the members of the association.

BY-LAW NO.—

A BY-LAW to raise Three Thousand Two Hundred Dollars by Debentures to be expended in permanent improvements in the Town of Prince Albert and to authorize the issue of Debentures therefor.

Whereas it is expedient and necessary to raise the sum of Three Thousand Two Hundred Dollars by loan on the credit of the Municipality of the Town of Prince Albert for the purpose of purchasing and to be used as a site for a Town Hall and market in said Town and for the purchase of a brick building on such land to be used as a Town Hall, and in order thereto it will be necessary to issue Debentures of the said Municipality of the Town of Prince Albert for the sum of Three Thousand Two Hundred Dollars payable as hereinafter provided.

And whereas it will be requisite to raise annually, during the term of Twenty years by special rate for paying the interest, and creating a sinking fund for paying said debt the sum of Three Hundred and Thirty-seven Dollars.

And whereas the amount of the whole rateable property of said Municipality according to the revised assessment roll amounts to \$60,259.

And whereas to raise the said yearly sum of Three Hundred and Thirty-seven Dollars the annual special rate upon the said rateable property will require to be six-tenths of a mill on the dollar.

And whereas the said Municipality has no existing indebtedness.

Therefore the Mayor and Council of the Town of Prince Albert enact as follows:

1. That the sum of Three Thousand Two Hundred Dollars be raised by way of loan upon the credit of this Municipality for the purposes set out in the recitals hereto.

2. It shall be lawful for the Mayor of said Municipality of the Town of Prince Albert, to issue Debentures of the said Municipality to the amount of \$3,200 in sum not less than One Hundred Dollars each, payable at the end of twenty years from the date on which this By-law takes effect and to bear interest at the rate of six per centum per annum payable yearly on the First Day of September in each and every year during the currency of the said Debentures.

3. That the said Debentures may both as to the principal and interest, be made payable at any place in Great Britain, Ontario, Quebec, Manitoba or the Northwest Territories, and may be expressed either in Sterling money or in the currency of the Dominion of Canada.

4. That the said sum of \$3,200 being the amount required for and necessary to repay the expense of the permanent improvements herein mentioned, be laid out as follows:—In the purchase of the East Three Chained width of Block "E" as shown on plan "E" filed in the East Saskatchewan Land Titles office, together with the brick building now thereon. The same to be used as a Town Hall and site for a hall and market.

5. It shall be lawful for the Mayor of the said Municipality and he is hereby authorized and instructed to sign and issue the said Debentures hereby authorized to be issued, and to cause the same, and the interest Coupons attached thereto, to be signed by the Treasurer of the said Municipality, and the clerk of the said Municipality is hereby authorized and instructed to attach the seal of the said Municipality to the said Debentures.

6. There shall be raised, levied and collected annually by a special rate on all the rateable property in the said Municipality, the sum of \$132 for the payment of interest during the currency of the said Debentures and also the sum of \$115 for the payment of the said debt.

7. That the annual special rate of Six-tenths of a mill on the dollar upon the assessed value of all the rateable property in this municipality shall be levied, over and above all other rates and taxes shall be raised, levied and collected annually from the year 1890 to the year 1910, inclusive, for the purpose of paying the said loan of \$3,200 and interest as aforesaid.

8. This By-law shall take effect on the 18th day of July 1890.

9. That Saturday the 17th day of May, A.D. 1890, be the day fixed by this By-law for taking the votes of the electors of this Municipality thereon, at the hour of nine o'clock in the forenoon and continuing until five o'clock in the afternoon of the same day.

10. That the votes of the electors of said Municipality shall be taken on this By-law at the Council Chamber in said Municipality and the persons herein named shall be and are hereby appointed Returning Officer and Deputy-Returning Officer to take the votes of the electors thereon, namely, Returning Officer, J. M. Coombs, and that the Returning Officer shall on Monday the 18th day of May, at the hour of 12 o'clock noon, at the Council Chamber in said Municipality, sum up the votes given for and against this By-law.

TAKE NOTICE.

That the above is a true copy of a proposed By-law which will be taken into consideration by the Council of the Municipality of the Town of Prince Albert after one month from the first publication in the *Saskatchewan* newspaper, the date of which first publication was Thursday, the 24th day of April, 1890, and that the votes of the electors of the said Municipality will be taken thereon at the Council Chamber in said Town on

SATURDAY 17th Day of MAY,
1890, at the hour of nine o'clock in the forenoon and continuing until 5 o'clock in the afternoon of the same day.

GENERAL NEWS.

Quebec, May 2.—During last night a fire broke out in a sugar cabin at St. George's, in which a farmer named Daniel Nadeau, his son and daughter, aged fourteen were sleeping. The father awakened in a half stifled condition, caught up the boy, who was sleeping in the same bed, under his arm, and then went over to another couch, and carried the bed clothes, thinking it was his daughter. When he got outside he perceived his mistake, but it was too late to return as the roof of the sugar house had fallen in and the unfortunate girl was killed. The charred remains have been recovered.

Toronto, May 2.—The work of clearing out the rooms in the University preparatory to reconstruction commenced today. It is expected that reconstruction will be proceeded with as soon as the summer holidays are over. The University examinations commenced to-day. The number writing is larger than ever before.

LONDON, May 2.—Balfour's brilliant speech in the Irish Land Purchase Bill in the House of Commons last night immensely aided the bill, and greatly added to his own reputation as an orator. The speech was markedly free from the biting sarcasm which usually characterizes the late oratory of the Irish Secretary, and his political opponents have been joined with the members of his own party in extending their congratulations.

LONDON, May 2.—Gladstone has written a letter to Lloyd's News for publication on Sunday, exhorting the working classes to consider closely their present position. There may come a time, he says, when labor will be too strong for capital and may use its strength unjustly, but capital will surely hold its own. In conclusion he wishes to see labor and art allied to alleviate and adorn the life of man.

PARIS, May 2.—La France (Republican) says that on Tuesday General Boulanger will leave the Island of Jersey for France, where he will demand another trial.

LONDON, May 2.—A correspondent of the Standard in Paris asserts that the friends of General Boulanger have insisted that he return to France and threaten to abandon him if he does not do so.

LONDON, May 2.—The streets of Hamburg are infested by night with gangs of robbers whose depredations have made pedestrianism at late hours extremely unsafe. The police seem to be powerless to remedy the evil, and the citizens are about to take the matter in their own hands to the extent of dealing summarily with every footpad caught.

LONDON, May 2.—Father Schynzo, the German missionary who is responsible for many statements affecting Stanley's motives and methods in his rescue of Emin has joined Emin's expedition.

DUBLIN, May 2.—Archbishop Walsh has accepted the modified terms submitted by the directors of the Great Southern and Western railway and the men will probably resume work on Monday.

CALCUTTA, May 2.—A Jew named Solomon has been arrested here on a charge of swindling the Bank of Bengal out of eleven lacs of rupees (\$550,000).

LONDON, May 2.—It is again announced that Wm. O'Brien, M.P., will marry Miss Raffalovich in June.

KINGSTON, May 2.—The Garden Island post-office was robbed last night of all its mail matter and postage stamps.

Toronto, May 2.—H. E. Clarke has retired from the firm of H. E. Clarke & Co., it is said in order to give attention to politics.

MOUNT BRIDGES, May 2.—The West Middlesex Reformers have nominated Minister of Education Ross as their candidate.

KINGSTON, May 2.—The Frontenac Reformers have nominated H. T. Shibley as their representative in the Ontario legislature.

HALIFAX, May 2.—The Catholic priests of Halifax presented Archbishop O'Brien with an address and handsome portrait of himself. The Archbishop is about to remove from St. Mary's globe house, where he has lived with the priests, to his residence which was lately purchased by his Grace.

HUDSON BAY COAL.

Coal exists in large quantities on the shores of Hudson's Bay. On Long Island, opposite Great Whale River, 650 miles from Churchill, is an anthracite, containing by assay 94.91 per cent. of fixed carbon, and only 35 per cent. of ash. It is probable that other seams of similar

character are to be found on the adjoining mainland, where the stratification is similar. On the Missinibi river, 150 miles from Moose Factory, there are no less than five exposures of lignite; and Prof. Bell says: "In the interval between one and two miles above this stream, the whole bed appears to be underlain with lignite. On Melville peninsula, coal has been found on the shore in small quantities, but no exploration has been made to determine the situation and extent of the veins. Amongst other minerals discovered on Hudson's Bay, Prof. Bell reports gold, silver, copper, soapstone, mica, plumbago and lead. Steam navigation is easily possible with such coal deposits available."—Colonist.

BATTLEFORD.

From the Herald, April 30.
David Cooper is in from his ranch north of the Saskatchewan. He reports his cattle as having wintered well.

The cattle given by the Mounted Police to their retiring cowboys will come off on Friday evening next.

The work on the bridge has so far advanced that one can get a very fair idea of the magnitude of the structure.

The boiler for the Indian mill at Onion Lake reached this place a few days ago. It has been on the road from Swift Current since last fall.

Mr. Brokowski, Dominion Lands Agent has received instructions to prosecute all parties found depositing manure or garbage on any Government lots in the town plot.

A brigade of thirty carts owned by Gibson and Balleine has gone to Swift Current for a load of potatoes for Manly & Clinkskill. The return of the outfit is looked for about the 15th of May.

Every one is busy seeding and the prospects are that a greater average than ever will be put under seed, and the condition of the land is highly favorable to good crops. Some of the most extensive farmers in the neighborhood of the town finished sowing their oats and wheat last week.

Contrary to appearances and to general expectation, owing to the great depth of snow that fell during the winter, the rivers cleared of ice with scarcely a perceptible rise of water. On the 25th the surface ice moved out of the Battle River and the same day the Saskatchewan began to run. It was thought the ponds would all overflow when the thaw set in, but the water has mostly soaked into the ground instead of running off the surface. Farmers say that the land has not turned up so well for years past as it does this spring.

HUDSON BAY.

If two steamers were to start the same hour, say in September, one from Fort Nelson and the other from New York, the probability is that they would arrive on the same day at Liverpool. This brings for commercial purposes the entire North-west from 1,000 to 1,500 nearer the old world than it is at present, and gives it a superior advantage for the purposes of trade than Canada's competitor the Western States.

In the vicinity of James Bay and by the Hayes and Nelson rivers and west and north-west of Fort Nelson river, the country is heavily timbered with pine, spruce, tamarac, aspen and balsam of gilead. On the islands in the Nelson river the spruce attains a good size suitable for building purposes. Many of the white spruce measures three feet in diameter, but the greater proportion of the timber is pine of good quality. Dr. King who was with Capt. Back in his "Journey to the Arctic Ocean," says that "The Hayes's river is well wooded, producing scenery of extreme beauty."

From Rapert's House, on James Bay, north to Richmond Gulf, although the soil on the coast is of a sandy nature, it is good for agricultural purposes. It is wooded with good spruce, tamarac, poplar and white birch. At Fort George on the Big River, good spruce logs are brought down, some measuring two feet and a half in diameter. Tamarac although not seen on the coast farther north than Richmond Gulf, is said to grow in great quantities inland and much farther north. Black spruce is also found on the Big River. In fact the most rocky tracts support a growth of trees large enough to be of value for many purposes directly this territory is opened up by civilized man. The development of the fishery industry is yet in its infancy; but the waters of the bay and straits abound in whale, seal, salmon, cod and porpoise. —Empire.

Coughs, Colds, Croup.

Allen's Lung Balsam was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectoration and causes the lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heats the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no need necessarily for so many deaths by consumption when Allen's Lung Balsam will prevent it if only taken in time. For Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs, ALLEN'S LUNG BALSAM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and \$1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced Cough Cure. If you have not tried the Balsam, call for a 25-cent bottle to test it.

Mr. Swanston and party are expected home from the Old Country next week. They are coming via Saskatoon.

Next Saturday at 10 o'clock a.m., R. Buckley will hold an auction sale of cast horses at the N.W.M.P. barracks.

The boom holding Sanderson's logs together on Sturgeon Lake, burst last week and let the logs out, and they are now scattered all over the lake.

Wednesday last was very cold and windy and in the afternoon we had a slight fall of hail, after which the sky cleared and weather got warm.

As may be seen by advertisement in another column, the Indian Department are asking for tenders for a supply of beef for the different agencies throughout the Territories.

H. Mitchell, M.L.A., of Duck Lake, was in town on Tuesday. This is his first visit to town since his return from England. He does not expect the Assembly will meet until near fall.

T. Oram, proprietor of the Queen's Hotel, returned from the end of track with a load of Blackwood's best on Thursday afternoon. The Police went through the outfit, but found all correct.

Last Tuesday was proclaimed by the Lieut.-Governor as Arbor Day, but no one in town knew anything about it until that morning when Operator Rankin received word to close his office on that account.

Postmaster Way has had an addition built to the rear of the building occupied by him which will be used exclusively as a post office. This gives him more room and will greatly facilitate the distribution of mail matter.

On Saturday next, R. Buckley will hold an auction sale at T. N. Campbell's store of the balance of Mr. C. Mair's store outfit, as Mr. Mair is retiring from business. Be sure and get there, as this chance for bargains may not occur again for some time in Prince Albert.

The four silver cups, presented by Mr. J. L. Johnson to the curlers for the bonspiel at the close of the curling season, have arrived. They are very handsome and valuable, and of neat design. They have the words "Saskatchewan Curling Club, Bonspiel, 1890," engraved on each of them, and also the initials of the donor. The committee decided to hand them over to Mr. Sinclair, the skip of the winning four, who will dispose of them.

On Saturday and Thursday afternoons last a number of the members of the rifle association had a practice on their range across the river. Next Saturday is the day on which the Rifle League of the Dominion will have their first match. There are fifty associations in the League and each will enter a team, which will comprise the best rifle shots in Canada. We have no fear but that our association will be to the front, although it is heavily handicapped by some of its members shooting with the Police team.

A meeting of a number of the leading farmers of Colleton and Macdowall townships was held at the residence of Mr. R. Plaxton last Friday evening for the purpose of re-organizing the Clipper Base Ball Club. Mr. G. Reid was appointed chairman and after calling the meeting to order the following officers were appointed for the present year:—B.T. Reid, President; R. Morton, Captain; Fred. McFadden, Treasurer; Vm. Hutchison, Secretary. The Clippers will be open for challenges during the summer and expect to do some good clipping.
